

# NET ZERO

**SUSTAINABILITY  
AT EVERY STAGE  
OF THE JOURNEY**

Our sustainability strategy covers all stages of the journey our customers take with us –

**ON THE  
GROUND**

**IN THE  
AIR**

**IN  
RESORT**

OUR OPERATIONS ON THE GROUND WILL BE

**CARBON  
NEUTRAL**

FROM

**2022**

BY  
**2023**

**OVER 50%**  
OF OUR GROUND SERVICE  
EQUIPMENT WILL BE

**ZERO  
CARBON**

We will continue to expand our **Jet2** electrification programme so that as much equipment as possible contributes to reducing our ground-based emissions.

On 1<sup>st</sup> January 2022, we will launch

**ONE OF THE  
WORLD'S LARGEST**

**AIRLINE CARBON  
OFFSET SCHEMES**

Converting waste into fuel for our planes, decreasing the waste going to landfill and create local jobs.

**↓ 80%**

**CUT OF SINGLE  
USE PLASTICS**

ON OUR AIRCRAFT BY  
2023 COMPARED TO 2019

EQUIVALENT TO REMOVING  
**ELEVEN  
MILLION  
ITEMS**

ON AN ANNUAL BASIS

We are also taking steps to increase and report on recycling levels.

**ORDER  
FOR UP TO**

**75**

**AIRBUS  
A321 NEO  
AIRCRAFT**

NEW & MORE EFFICIENT

WORKING WITH A LEADING SUPPLIER OF **SUSTAINABLE AVIATION FUEL**

WHICH REDUCES CARBON EMISSIONS BY AROUND

**↓ 80%**

**COMPARED  
TO FOSSIL  
JET FUEL**

**HOTEL  
SUSTAINABILITY  
LABELLING SCHEME**

To empower our customers to filter their hotel selection by sustainability.

**Jet2holidays**

will develop its own **Hotel Sustainability Charter** covering hotel management as well as environmental, social and economic business impacts

BY

**2023**
